

SECURITY SERVICES

ABOUT US

HSG Facilities Management provides a wide range of Security services to the Client and their premises, recognising that safety is always essential for the workplace and workforce. This approach is essential in developing repeat clientele and ensuring the reputation of your business. We have excellent training and assignment programs to ensure that we provide only the best possible staff and standards.

All our Staff are SIA (Security Industry Authority) licenced and are regularly trained on site, as we know the needs of a business can change from day to day. We also have a Mobile Supervision team on the road for any unseen emergencies or requirement changes.
