Hotel Services Group - Environmental Policy

HSG Facilities Management Limited is a South Wales based service provider operating in the hospitality and commercial premises sectors to provide housekeeping, commercial cleaning, security, pest control and window cleaning services.

HSG Facilities Management recognises that its activities impact the environment and as such is committed to protecting the environment, minimising its adverse impacts, enhancing its positive impacts, compliance with all applicable legislation and the prevention of pollution.

To the end HSG Facilities Management has implemented, will maintain and continually improve the effectiveness of its Environmental Management System (EMS) in accordance with the requirements of ISO 14001. In particular, HSG Facilities Management will:

- integrate its EMS fully into all aspects of its business and operations
- comply with all applicable environmental legislation, standards and contract requirements
- continually improve its EMS and environmental performance taking into account current best practice, technological state of the art, current scientific understanding, applicable risks and opportunities and customer & community needs
- educate, train and promote employees to work in an environmentally responsible manner
- complete assessments for the environmental aspects and impacts of all activities that the company may undertake, promote, or develop, providing services, facilities, equipment and work practices that minimise adverse environmental impact, take into account the efficient use of energy and materials, the sustainable use of resources and the responsible disposal of waste, thereby minimising any serious or irreversible environmental degradation
- promote and encourage the adoption of these principles by suppliers and contractors acting on its behalf
- develop, implement, maintain and test emergency preparedness and response plans
- foster openness and dialogue with all interested parties, encouraging them to respond with their concerns or improvement ideas within the scope of the organisation's operations
- establish environmental objectives and targets at appropriate organisational levels and ensure plans are in place for their realisation and that they are monitored through the management review process to ensure ongoing relevance and effectiveness, and updated as necessary.

Ashley Govier – Managing Director
